Chesapeake Care Clinic
Fee Disclosure

Chesapeake Care Clinic is committed to providing excellent patient care. We are an independent charity clinic (not part of the city, state or hospital systems of care). In order for us to meet our financial obligations, it is necessary for us to collect fees for the administrative and material process that takes place with each and every visit. However, the cost of supportive services continues to rise as do the costs of maintaining our facility. The nominal fees below will help us to continue to serve your medical and dental needs and represent a 90% discount for the true cost of providing that care. The reality is that without these *nominal* fees, we will not be here to help any of our patients or future patients in the years to come.
